# National Scrip Collectors Association

The **National Scrip Collectors Association** was officially organized on October 21, 1972 in Fayetteville WV. The objectives and purposes of the organization are to promote the collection of coal company scrip and related tokens, to cultivate good relations between collectors of scrip tokens, and to encourage the study and research of the history of coal mining companies as it relates to the usage of scrip tokens.

In the late 1970's the scope of the **NCSA** was broadened to include tokens from other industries; including lumber, phosphate, hard rock, limestone, copper, gold & silver, brick & clay, cotton & textile, paper, iron & steel, agricultural, and others.

The first issue of *Scrip Talk* was published in 1965, and it continues today as the official newsletter for members of the **NSCA**. It exists not only as a source of information for its members, but as a forum where they can share items of interest. Please feel free to submit or suggest articles for future publication.

## 2006 NSCA Officers

**Steve Cawood • President** 344 Tennessee Ave Pineville KY 40977

**John Podgursky • Vice-President** 24 Hemlock Lane Ellysburg, PA 47112

**James Singleton • Vice-President** PO Box 41 Hughston, WV 25110

**Corkey Snodgress • Vice-President** 208 Bethel Rd Beckley, WV 25801

**Crawford Blakeman, Sr. • Treasurer** PO Box 536 Middlesboro, KY 40965

**Kevin Traube • Secretary/Editor** 1818 Harper Rd Beckley, WV 25801

Scrip Talk 1818 Harper Rd Beckley WV 25801 304/253-7242

# President's Letter

We had a great Fall Meeting in Cumberland Gap, Tennessee, and the feedback I have gotten here is that it was the best show we have had in Southern Appalachia in some years. For those who weren't able to get down this way, we had a good crowd (about 12 states represented), and a lotta walk-in guests who came with scrip to sell, and from what I could hear, folks bought a lot, too. There were lots of compliments for the cooks at Webb's Country Kitchen who catered our banquet, and the lighting at the Convention Center was excellent.

Probably of greater importance, we signed up quite a few new members, and more than one of those were people who politely remarked that they had been members in the past, but had dropped out during all of the squabbles we went through several years ago, and they were assured that was all in the past and that ours was a scrip swappin' club for all who enjoy the hobby!

Our next big event will be the Spring Meeting, and Corky has reserved a block of rooms for us at the Bluefield Holiday Inn for Friday, May 4, and Saturday, May 5, 2007. Also in this issue of *Scrip Talk* is a Pre-Registration form which we would urge you to use, and use early, in order to secure the special, reduced group rate we have negotiated with the hotel. This also allows us to know how many meals to order, and tells our cook how much to prepare. So please send these in ASAP, and remember that if some emergency requires you to cancel, that can be done with no charge. Room rates will be a reasonable \$85. We will publish the cost for Friday's banquet when the hotel sets a menu and price. Tables are \$15 per.

Although we have as a club provided the banquet free to members in recent years, the Board feels that we need to share this cost with the members so that the NSCA can build our treasury up a bit in anticipation of the cost of printing several new books.

Dave Schenkman is finalizing his long-awaited masterwork on mining scrip that sounds like it will be the Bible of our trade, he has graciously offered the work to the NSCA, and your Board has gratefully accepted! Also Kevin Traube has been making arrangements with the family of Stuart E. Brown, Jr. for the rights to republish his old standard, "Scrip", now out of print, and those arrangements should be finalized soon. And believe it or not, it is time to look toward a new edition of the Edkins books. We would like to appoint a publications committee at the Spring Meeting, and would appreciate anyone with an interest in this subject, or experience with publishing, editing or printing to step forward and offer your help.

There seems to be a new sense of excitement about scrip collecting lately, with more new people, more "new finds", and scrip demanding ever-increasing values, and that all adds up to a better hobby for us all, and when you, the members, bring us new ideas, and new people, we're all the better for it!

Steve Cawood

# NEW FINDS

Members are reminded that fellow collector Danny Clark is the club's New Finds Editor. When you discover a piece of mine scrip not catalogued in the Edkins guides. Please send a photo or reproduction of both sides to Danny. Your new find will be included in a future edition of Edkins.

Danny Clark  
PO Box 13  
Hugheston, WV 25110

*Courtesy of Doug Tolley, the following diagrams are reproduced from Stuart Brown's SCRIP. Thanks to the invention of the digital camera, images are a little easier to capture and share, but these techniques are still valid and interesting to review.*

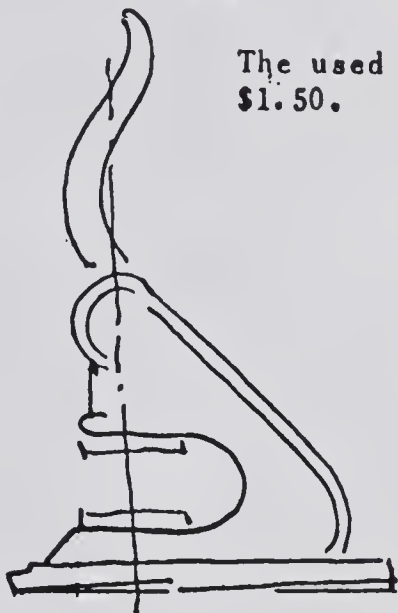

1. PLACE TOKEN DOWN WITH CIGARETTE PAPER COVERING IT. PLACE 2x2 HOLDER (WITH CELLOPHANE REMOVED) OVER TOKEN. PRESS PAPER FIRMLY INTO TOKEN WITH THUMB, AND RUB PENCIL OVER THE PAPER IN A CIRCULAR MOTION BRINGING OUT THE FIRST IMPRESSION. (A)
2. RUN THE IMPRESSION THRU THE XEROX MACHINE FOR IMPRESSION (B) AND RETOUCH WITH BLACK BALL POINT PEN AND WHITE WATER COLOR. (C)

### Foils (Foil Impressions)

The following (from CS) explains one method of making foils:

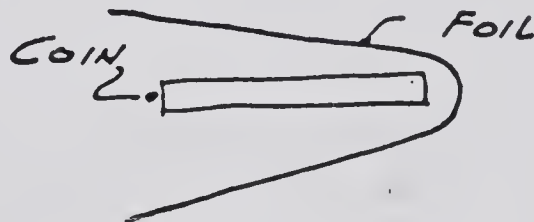

We present here a simple, inexpensive method for reproducing an exact image of your choice coin or token: First, purchase at your local 'second hand' dealer a used corporate seal.

The used corporate seal should cost about \$1.50.

Remove, or have a friend remove the upper and lower seals. Replace the seals with 1/8" to 1/4" thick plates of medium rubber sheet.

Take aluminum foil - any weight. Cut 2" wide in long strip. Place the coin between the foil:

Place the foil with coin in the reworked corporate seal:

Squeeze gently! Experiment!

Remove the coin gently from the foil and place impression in a 2x2 cardboard coin holder, staple, trim, and mail

And almost any method in which aluminum foil (of the common kitchen type) is pressed firmly and uniformly against a piece of scrip will produce a reasonably good foil impression.

Aluminum foil has a shiny side and a dull (or less shiny) side, and the best results seem to be obtained if the shiny side faces the piece of scrip.

Relatively good direct reproductions of pieces of scrip, particularly paper scrip, may be made by a Xerox or another type office copying machine.

## N.S.C.A. FREE ADS FOR MEMBERS

*Free Ads are available to N.S.C.A. members at no charge. The only requirements being that they are limited to 4 lines, one ad per issue. You may send up to four different ads in one mailing. Deadline for Free Ads is three weeks after the postmark of the current issue of SCRIP TALK. All ads received after the deadline will be held for the following issue. No ad will rerun automatically, each issue will require a separate request. Paid ads should be sent to SCRIP TALK Editor and NOT the Free Ad Editor. SEND ALL FREE ADS TO: Steve Ratliff, N.S.C.A. Free Ad Editor, 1717 Saint Marys Bay Drive, Milton, Florida 32583-7343 or E-mail Steve@Ratliff.com (Note: + at the end of your ad indicates you need to renew it.)*
